	8 th grade Completion Ceremony 7:00 p.m.

For some courses at the 7th and 8th grade level, teachers are choosing to do a project and/or collaborative culminating task in place of our typical formal final exam. This project will cover important cumulative content for the year and will count as the final exam grade on the report card. Remember that this grade counts as 1/5th of a students' overall average.

All days through June 20th are full days of school. We have much learning and many activities to fill the rest of our school year. As always our goal is to support a successful end of the year. Next week we will be visiting classrooms to remind students about a strong finish and finding the balance between enjoying the end of the year and meeting our expectations for respectful and responsible behavior. Please feel free to contact me if you have any questions.

Sincerely,

Janet O'Mara
Principal
